RE: July 2010 Monthly Report

During the month of July the West Lafayette Police Department received **1496 calls for service**, an increase of 94 calls (7%) from June, and an increase of 229 calls (18%) from July 2009.

WLPD responded to numerous severe weather calls for service this past month with the storms of July 17 requiring significant department resources. WLPD responded to 112 calls for service during that particular storm where every traffic light was out in the city and tree major roadways had to be closed due to flooding. Officers assisted with checking on elderly residents and those with health problems until power was fully restored to areas with power outages throughout the city.

Detectives made a key burglary arrest in July on a suspect that had broken into businesses on Sagamore Parkway this past month. The suspect was identified earlier in the month by patrol officers taking note of a suspicious subject walking late at night in the area and taking the extra time to speak with the subject and identify him.

Respectfully submitted,

Jason Dombkowski
Chief of Police
